Below is a list of Evidence Based Programs/Practices in Clark County Schools. The ratings for the programs were compiled from multiple nationally recognized Evidence-based Clearinghouses (The Substance Abuse and Mental Health Services Administration (SAMHSA), California Evidence-Based Clearinghouse for Child Welfare (CEBC), PEW Charitable Trusts Results First Clearinghouse Database, and Title IV-E Prevention Services Clearinghouse.)

Ratings for programs fall under: Supported by research meaning the program shows evidence of positive outcomes from a published, peer-reviewed meta-analysis of relevant experimental and quasi-experimental design; Promising research meaning evidence for the program or practice is mixed in terms of outcome and support but the preponderance of evidence is positive; an Unknown rating has not been assessed or the program does not have enough published, peer-reviewed studies to assess the program.
