GENERAL INFORMATION

This solicitation provides program and streamlined application guidelines to request the Federal Fiscal Year 2018 Services♦Training♦Officers♦Prosecutors Violence Against Women Formula Grant Program (STOP), and the Sexual Assault Services Provider Program (SASP) sub-grants. This year's application process continues to coordinate project periods between the Nevada Division of Child and Family Services (DCFS), state administering agency for the Victim of Crime Act (VOCA) formula grant, and the Nevada Office of the Attorney General (OAG), state administering agency for Violence Against Women Act (VAWA) STOP and SASP formula grants. The purpose of aligning VOCA and VAWA grant funds is to promote more coordinated program development and administrative oversight of both funding streams to ensure equitable funding for a broader coordinated community response to intimate partner violence, dating violence, sexual violence, stalking, and physical, emotional and sexual violence against children.

Applicants will apply for funding for a project period of July 1, 2018 – June 30, 2019.

In jurisdictions with a population over 100,000, individual project awards may not exceed \$70,000. In jurisdictions with a population of less than 100,000, project awards may not exceed \$40,000. All applications are expected to adhere to these funding caps.

Funding is contingent upon the amount of the Federal funding awarded to the OAG. The OAG reserves the right to coordinate VAWA funding for victim services with VOCA funding originating from substantial increase of VOCA formula funds and other sub-grantee funding sources.

The STOP Program supports communities in their efforts to develop and strengthen effective victim services, law enforcement and prosecution strategies to combat the crimes of intimate partner violence, dating violence, sexual assault and stalking. This program further encourages partnerships among police, prosecutors, the judiciary, victim advocates and service providers, health care providers, faith leaders, and others to help provide Nevada's victims and their families with the protection and services they need to pursue safe and healthy lives within their communities and to hold their offenders accountable for the harm they've done. The SASP Program is limited to nonprofit, nongovernmental providers of direct services specific to all victims of sexual violence.

In this solicitation, VAWA sub-grants will be competitively distributed, within those preferential parameters, on a geographic basis. This includes urban and rural areas of various sizes and populations. The STOP and SASP Formula Grant Programs are authorized and funded under the federal Violence Against Women Act (VAWA) most recently reauthorized in 2013. Underserved and culturally specific populations, whether based on geography or other definable standards, do receive preferential funding under VAWA. States are also allowed to determine their funding preferences within the federal purpose areas.

STOP will provide funds to Indian Tribal governments, units of local government, and nonprofit, nongovernmental victim services programs, including those of faith-based and community organizations. As the agency designated to oversee the distribution of STOP Program funds, the OAG will accept applications for proposed grant-funded activities meeting specific federal and state objectives, generally summarized as furthering the development and implementation of effective, victim-centered initiatives and responses, and advocacy programs designed to increase the effectiveness and efficiency for the delivery of services for VAWA-eligible crimes. Please note that while funding will be directed to those entities whose primary focus is combating violence against women, STOP mandates that services to similarly situated male victims in need must be provided under this program. STOP funded programs may not exclude any person from receiving grant-funded services based on the person's gender, race, color, ethnicity, language, educational status, income, political or faith affiliation, national origin and/or immigration status, disability status, marital status, sexual orientation or gender identification. The STOP Program does limit response and services to "primary victims," aged 11 years and above, of intimate partner violence, sexual and dating violence, and stalking offenses. Children 10 years and under may only be treated as "secondary victims" with an inextricable link to a primary recipient of services.

SASP is authorized under the Violence Against Women Act, and is the primary funding stream dedicated to the provision of direct intervention and related assistance for victims of sexual assault. As outlined in VAWA, the purpose of the SASP Formula Program is to assist states and territories in providing "intervention, advocacy, accompaniment, support services, and related assistance for adult, youth, and child victims of sexual assault, family and household members of such victims, and those collaterally affected by the victimization, except for the perpetrator of such victimization." SASP sub-grants will be competitively awarded to urban and rural areas of various sizes, populations and service availability to provide direct victim services,. As the agency designated to oversee the distribution of SASP program funds, the OAG will accept applications from service providers for proposed grant-funded activities. SASP funds will be awarded to programs meeting specific federal and state objectives, generally summarized as furthering the development and implementation of effective, victim-centered initiatives and advocacy programs designed to increase the effectiveness and efficiency of the delivery of services to victims of sexual assault. Please note that while funding will be directed to those entities whose primary focus is combating violence against women, SASP maintains that services to similarly situated male victims in need may be provided under this program. SASP funded programs may not exclude any person from receiving grant-funded services based on the person's gender, age, race, color, ethnicity, language, educational status, income, political or faith affiliation, national origin and/or immigration status, marital status, sexual orientation or gender identification.

Please note: Applicants do not need to specify whether they are requesting STOP or SASP funding. This will be determined during the administrative review process to ensure efficient utilization of all available grant funds. A successful application is not a guarantee you will receive all or partial funding for the program; or, if initially funded, that your project will receive continued funding in subsequent grant cycles.

FUNDING PERIOD

All funding remaining after the June 2019 Monthly Financial Report reimbursement claims will be swept back to OAG for reallocation.

APPLICANT ELIGIBILITY

To be eligible for a sub-grant from these funds, an applicant must:

1. Provide services that fall within the federal purpose areas as described below. A 25 percent match requirement on the total award costs will be imposed on all sub-grantees, except for tribal or non-profit, community-based organizations funded under SASP and/or the Victim Services funding categories of the STOP Program.
2. Ensure that any federal funds awarded through this program will be used to supplement, not supplant, any federal and nonfederal funds that would otherwise be available for activities funded through this program.
3. Be a public agency, tribal government or nonprofit organization incorporated and qualified to do business in Nevada.

4. Possess or obtain a DUNS Number (<http://www.dnb.com>) and current SAM registration (<http://www.sam.gov>) prior to receiving any funds.
5. Be governed in a manner which reflects awareness of the racial, ethnic, economic, and social composition of the county or counties to be served and includes individuals who are knowledgeable in the focus area of this project, including culturally-specific projects.
6. Require its employees and volunteers to maintain the confidentiality of any information that would identify persons receiving services; any release of identifying information must be with prior voluntary written consent of the victim, as applicable.
7. Provide its services without any discrimination on the basis of a person's gender, age, race, color, ethnicity, language, educational status, income, political or faith affiliation, national origin and/or immigration status, marital status, sexual orientation or gender identification.
8. Comply with the provisions of the Americans with Disabilities Act (ADA) and the Equal Employment Opportunity guidelines of the Office of Civil Rights.
9. Willing to comply with any new state or federal requirements and regulations that may be imposed as well as those outlined in the Acknowledgement Form contained within this Request for Applications (RFA). The submitting agency must submit this signed form with their completed application.

NOTE: **STOP** funds may not be used to support services that focus exclusively on children (those age 10 and under) or to develop prevention curricula for schools. The term "dating violence" was added to the federal purposes areas in fiscal year 2000 and allows for some services to teen victims of dating violence. For example, this grant could support a project that would provide for distribution of *information* and *education* to university, high school and middle school students on the availability of community resources to assist victims facing a dating violence or sexual violence situation.

Additionally, services such as peer support groups and advocacy targeting teen victims of dating violence are allowable. However, *prevention* programs will not be funded at this time. Direct services provided to children supported with STOP funds must show an inextricable link - and be the direct result of - providing services for an adult victim. For example, STOP funds may support the expansion of shelter services for battered women to include programs for their children.

SASP has a broader victim service mission and can cover some services that fall out of the scope of STOP funding, such as services to all children victimized by sexual violence.

FEDERAL PROGRAM PURPOSE AREAS FOR STOP FUNDS

Funds under the STOP Program **must** be used for one or more of the following statutory purpose areas:

1. Training law enforcement officers, judges, other court personnel, and prosecutors to more effectively identify and respond to violent crimes against women, including the crimes of domestic violence, dating violence, sexual assault, and stalking, including the appropriate use of nonimmigrant status under subparagraphs (U) and (T) of section 101(a)(15) of the Immigration and Nationality Act (8 U.S.C. 1101(a));

COLLABORATIVE PROJECT

The OAG requires all applicants of this solicitation to develop collaborative projects with a focus on providing broad, non-duplicative and cost effective services across law enforcement, prosecution, court responses, and community based services. This does not limit the number of agencies providing such services as long as there is sufficient documented need; however, collaboration to enhance and expand upon existing services is strongly encouraged.

A current and project specific Memorandum of Understanding, including all partnering agencies, whether funded or not, is required to be developed and executed by December 31, 2018.

REPORTING AND DOCUMENTATION

Successful applicants will be required to supply information on their funded projects, most of which is mandated by the federal guidelines, including the following:

1. Annual Progress Report: All grantees will be required to gather statistical information pertaining to their funded project which must be provided to the grant administrator at the conclusion of each calendar year, using the mandated form provided by the Office on Violence Against Women.
2. Year-End Report: All VAWA sub-grantees will be required to submit a semi-annual narrative report on their project progress to the grant administrator describing the status of their project as it relates to the goals outlined in their proposal and list training completed by grant funded staff.
3. Monthly Financial Reports: All grantees are required to complete monthly financial reports (provided upon approval of award) together with supporting backup documentation clearly identifying expenses for which reimbursement is requested as well as any expenses and/or in-kind services being provided as match for an award.

Sub-grantees may request site visits to provide technical assistance or to highlight a promising program. Site visits may involve a coordinated review by co-funding agencies such as DCFS.
5. Quarterly Teleconferences: The NOAG Grant Unit will assess training needs as well as compliance issues and provide trainings using teleconferences. Funded agencies are expected to participate in these events.
6. Networking: Networking opportunities may be facilitated by the NOAG Grant Unit. Agencies will be asked to send staff to another agency, locally, that provides similar

services to better understand services as well as referral processes and limitations and eligibility requirements.

7. All awards are contingent upon available funding.

APPLICATION REVIEW PROCESS

All applications will be subject to an initial eligibility review by OAG Grants Unit staff, followed by an objective review consisting of independent, non-applicant, stakeholder/partner reviewers. Applications will be scored according to the criteria set forth in this solicitation. If the application fails to meet the criteria listed below during the initial review by OAG staff, the application may not receive further consideration. Criteria for the initial review include:

- Whether the application is complete and uses appropriate formatting.
- Whether all statutory eligibility criteria are met.
- Whether the proposed budget is within the established limits.

 - Sharing confidential victim information with outside organizations and/or individuals without the documented and time limited consent of the victim;
 - Policies and/or Procedures that would penalize victims of VAWA related crimes for failure to testify against their alleged perpetrator or impose other sanctions on them. ***Rather, policies and procedures that provide victims the opportunity to make an informed choice about whether to testify are encouraged;***
 - Policy, procedures and/or practices that require victims of sexual assault to cooperate with law enforcement and/or prosecutors in order to receive a forensic exam without direct cost to them;
 - Requiring victims to report sexual assault, stalking, or intimate partner and dating violence crimes to law enforcement or forcing victims to participate in criminal proceedings, counseling, drug treatment or other mandated activities in order to receive VAWA funded services;
 - Policy, procedures and/or practices that would encourage dual arrests and mutual restraining orders;
 - Policy, procedures and/or practices that fail to use accepted best practices in determining predominant aggressor;
 - Policy, procedures and/or practices that requires the victim to pay preparation and/or service delivery fees for orders of protection;
 - Policy, procedures and/or practices that would require a victim to participate in forensic lie detection or other truth telling device tests;
 - Requiring mediation or counseling for couples as a systemic response to intimate

- partner violence or sexual assault;
- Offering perpetrators the option of entering pre-trial diversion programs;
- Court mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior;
- Placement of batterers in anger management or substance abuse programs in lieu of batterer intervention programs.

The OAG staff will follow up as necessary with the applicants recommended for funding to address any specific issues identified by the review panel. Adjustment of budgets and goals may be required at that time. Based on the panel recommendations and staff analysis of the applications, the Attorney General will make final funding decisions **with all award decisions being final – there is no appeals process.**

SELECTION CRITERIA

All applications for funding will be primarily rated on the basis of the criteria set forth below:

- The degree to which the proposed project falls within the federal purpose areas and addresses state priorities;

- How well the applicant identifies a clear need within the community and proposes a project to address that need;
- The extent to which the proposed project complements or enhances existing services while avoiding duplication of efforts;
- The degree to which a proposed Scope of Work and project is fiscally prudent and can be reasonably supported by the applicant's fiscal and programmatic status;
- The degree to which a proposed Scope of Work is realistic within project timelines;
- The degree to which the proposed budget clearly and concisely links the expenses to the planned program; and
- Whether the applicant has demonstrated an ability to meet the reporting guidelines of the Violence Against Women Act.
