4. *Discussion, recommendation, and possible action regarding supervisory experience detailed in NAC 228.110 1(c).

There was discussion surrounding the addition of continuing education credit requirements specific to supervision.

Traci indicated that she liked the requirements that the Board of Marriage and Family Therapists had in place.

Kareen stated she did not think one hour was enough and suggested two hours.

Sue stated that there were requirements for initial supervision training hours, and that since this is the continuing education portion, she was satisfied with one hour.

Kareen stated she would be ok with that.

Traci said that she would leave out section (f), and was fine with (a) through (d).

Sue stated that the recommendation to the full Committee is to add a new section to the requirements for all supervisors. There was further discussion that the subcommittee wanted the requirement to be part of the 15 hour requirement and not in addition to the existing requirement.

Motion: Traci moved to recommend to the full Committee that the regulation change mirror those outlined in (a) through (f) of the Board of Marriage and Family Therapists and that the regulation be written to have the requirement be part of the existing requirements. 2nd: Sue

Vote: All in favor. Motion carried.

5. Discussion regarding future agenda items and future meeting dates.

There was general consensus that the subcommittee would wait to call another meeting until there were additional items that may need to be addressed. Jennifer stated that the subcommittee had previously discussed bringing training to the State and they may want to consider further discussions on that in the future. Additionally, she stated that if the Rural Issues Subcommittee was going

to look at changing training requirements, the Training Subcommittee may want to be involved in those discussions.
