Electronic Bulletin boards: are matters/information posted there considered supporting materials under OML. **Discussion;**
7. Should the OML specify how a public body may approve minutes from a closed meeting (personnel) without waiving privilege. **Discussion;**
8. Whether public/private entities including nonprofit corporations created by or privatized by the state or local government should be defined in the OML as a public body, and what criteria must be applied to determine whether such a body is subject to the OML? **Discussion;**
9. Should the OML designate a public body member's personal email or other social media communication which may be used by a public body member to document a government transaction or activity subject to the OML and/or public record law. If private devices (smart phones, tablets, laptops) are used to conduct public business with other members of a public body, should that communication be subject to subpoena and/or public records request under NRS 239? Should using a private device to conduct public business be a violation of the OML? Whether personal communication by members of a public body on government issued phones or computers, or on privately owned devices on which public business has been conducted should be subject to public records law disclosure and subpoena under the OML. 11. Consider clarification of NRS 241.020(8) (AB65, 2013). 12. Clarify the meaning of "constituent membership" in NRS 241.015(5); Many advisory bodies suffer from chronic vacancies making the gathering of a quorum difficult. Does constituent membership mean the total number of available appointed seats? **Discussion;**
13. Should county deferred compensation committees be subject to the OML? NRS 287.440 **Discussion;**
14. Does merely faxing or emailing a public meeting notice and agenda to the location of posting constitute compliance with the statutory requirement in NRS 241.020(2). **Discussion;**
