Biennial Report from the Nevada Council for the Prevention of Domestic Violence

INTRODUCTION

The Domestic Violence Prevention Council was established in 1995. The 2005 Nevada Legislature passed Assembly Bill (AB) 219 to formalize the Nevada Council for the Prevention of Domestic Violence (NCPDV) and outlined its membership and duties. It is located within the Office of the Attorney General and is chaired by the Attorney General.

The mission of the NCPDV is to encourage the elimination of domestic violence and sexual assault and to help break the cycle of violence in Nevada. The purpose of the NCPDV is to prevent and eliminate domestic violence through increased awareness of its existence and its unacceptability, to recommend legislation, and to provide financial support to agencies who deal with domestic violence issues.

The membership is limited to no more than 30 people from various geographic regions in the state representing a variety of disciplines, including law enforcement, the judiciary, prosecution, victim services, health care, social services, education, public defenders, and domestic violence survivors. They meet at least three times a year, one of which must be in the Fourth, Fifth, Sixth, or Seventh Judicial Districts (which includes Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Mineral, Nye, Pershing, and White Pine Counties).

BYLAWS

The NCPDV operates within Bylaws created by its members, the Council voted to amend them on October 2016. For a summary please see 2016 meetings. For Bylaws, please see **Appendix A**.

Per NRS 228.205(3), the subcommittee may adopt policies, protocols and regulations for the operation and oversight of the system. The Victim Information Notification Everyday (VINE) Sub-Committee of the Nevada Council for the Prevention of Domestic Violence (NCPDV) has met the following dates in the past two years: April 14th, 2015 and March 1st, 2016. Nevada VINE service usage, statistics, and implementation were discussed along with program funding. VINE service surveys were also discussed during both meetings. An initiative to provide VINE training in Northern Nevada was requested as well. Arlene Rivera, Traci Dory, and Dawn Buoncristiani presented the current Victims Information Notification Everyday (VINE) program and update version of VINE, in which, Nevada will be the first state in the country to launch. The updated version of VINE will encompass new enhancements, including but not limited to, streamline access of victim resources and convenient accessibility features.

For the 2015-2016 VINE Statistics Report, please reference **Appendix D**.

The following reports break down the number of VINE registrations that involve domestic violence, sexual assault, and stalking from all the registrations in the VINE system for purposes of funding the VINE Program. RAPE STATISTICS

2015 RAPE

Crime Clock - One Rape Every 5 Hours, 11 Minutes

NOTE: In 2011, the FBI UCR Program revised the definition of rape for reporting purposes. As the offense is now defined, it is possible to report either males or females as rape victims.

Rape - penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object, without the consent of the victim. This definition includes either gender of victim or offender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

In 2015 Nevada law enforcement was able to clear 18.09% of rapes.

(Added to NRS by 1997, 1803; A 2007, 2483)

Definitions

The following report will describe and summarize temporary and extended protection orders issued in the State of Nevada. These reports are broken down to show which orders were granted to men and to women. Also included is a listing of those orders that included custody of a minor child and available historic data.

The information contained in this report was gathered using a different methodology than in previous years. Previously the data presented was an aggregate of all protection orders issued including all modifications they may have undergone. However, the new methodology aggregates the total number of Temporary Protection Orders and Extended Protection Orders issued per person. This results in a much lower figure than reported in previous years. For reference, the new methodology has been used to supply historical data from 2010 through 2013 for comparison.

Definitions:

Temporary Protection Orders:

Can be granted within 24 hours of receiving the application and in effect up to 30 days or until scheduled court hearing.

Extended Protection Orders:

Awarded only after a hearing before a judge and in effect for up to one year.

Expired Order:

A Temporary Protection Order or Extended Protection Order that has reached the expiration date and was not extended further.

Vacated Order:

A Temporary Protection Order or Extended Protection Order that was cancelled or dissolved prior to the expiration date.

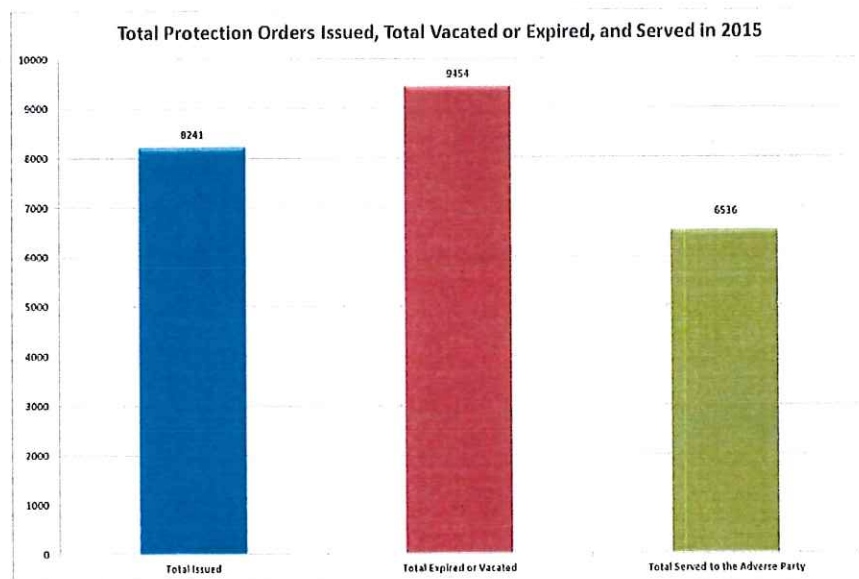

Any of the above orders can also include a grant of temporary custody of a minor child.

Note that on the graphs you will see gender described as male, female, and unknown. Unknown includes those who entered unknown on the application, or those that did not complete the gender portion of the application.

In Nevada, only Protection Orders granted due to Domestic Violence or Domestic Battery are entered into the state Criminal Justice Information System; therefore, these reports do not include any Protection Orders issued for any other reason (i.e. Stalking, Harassment, etc.).

APPENDIX C

Judicial Domestic Violence Survey Summary

One of the statutory requirements for the Nevada Council for the Prevention of Domestic Violence (NCPDV) is to survey the judges regarding domestic violence issues and put their responses in the biennial report to the Legislature. What follows is a summary of the survey as well as the detail responses.

The Judicial Training Committee of the NCPDV is responsible for drafting the survey and the summary for the report. During the last year, the Committee invited a couple of speakers from the National Judicial College and the National Council of Juvenile and Family Court Judges to address the areas related to domestic violence that are covered in the courses required for Nevada judges to attend. They both spoke on other related course offerings and their ability to customize a training.

The committee also discussed the survey requirement as well as asked questions regarding how to engage judges for additional training. The recommendations were to survey the judges to find out what information they felt they needed to learn more about as well as whether any of the judges felt comfortable teaching any of the information.

The Judicial Training Committee took this valuable information and created the survey that follows. The survey was sent by the Attorney General Adam Paul Laxalt to all the judges in the state. The survey received responses from 14 judges representing rural Nevada.

2016 Biennial Judges' Questionnaire for Nevada Council for the Prevention of Domestic Violence

Question 1 on Survey: What resources are lacking in the adjudication of domestic violence cases that you handle?

Judges' Common Responses:

- a. Lack of DV certified counselors and courses (live or online)
- b. Witness cooperation
- c. Officer training (collection of evidence, asking the right questions)
- d. Offender non-profits

Question 2 on Survey: What resources are most helpful in the adjudication of domestic violence cases that you handle?

- e. Victim Services Unit
- f. DV advocates and counselors who assist victims with legal and personal services

- g. Monthly counseling reports, status review hearings
- h. Victim Witness Services /Witness cooperation
- i. Interpreters and visual/audio technologies

Question 3 on Survey: As you are aware, the Nevada Supreme Court entered an order on August 17, 2006 requiring Nevada judges to undertake continuing judicial education on the causes, effect, and dynamics of domestic violence. In addition to-or in conjunction with-the training your receive pursuant to that order, what areas related to adjudicating domestic violence cases would you like to see additional information and training offered? For example, court interpreters, victim advocates, batterer's counseling services, confidential address programs, etc.

Judges' Common Responses:

- j. SLR and Sovereign citizens
- k. DV protection orders/enforce court orders
- l. Specific groups in court room
 - i. Advocates, victim coordinators, Spanish interpreter, witness cooperation
- m. Dealing with repeating offenders
- n. The reason victims avoid witnessing prosecution of abuser
- o. Web-based counseling services allow defendants more options
- p. Effects of aging victims and perpetrators on these cases
- q. Victim Impact Panels
- r. Education that does not influence judge neutrality
- s. Starting and operating a DV treatment court
