The Committee on Domestic Violence

Introduction

The Committee on Domestic Violence was created by Attorney General Adam Paul Laxalt as an advisory committee on domestic violence issues.

In 2017, the 79th Nevada Legislative Session officially established the Committee with the passage of Senate Bill 25.

This committee consolidated the Nevada Council for the Prevention of Domestic Violence (NCPDV), Committee on Domestic Violence (CDV) - Batterer's Intervention Program Certification, Victim Information Notification Everyday (VINE) Subcommittee, and the AG Statewide Domestic Violence Fatality Review Team (AGSDVFRT) into the supercommittee now known as the Committee on Domestic Violence (CDV).

More information on the Committee or the meetings, agendas and minutes can be accessed by visiting the following website:

The Committee's priorities are to prevent and eliminate domestic violence by:

- Propose and/or renew prevention programs increasing awareness of the existence and unacceptability of domestic violence in this State;
- Review programs for the treatment of persons who commit domestic violence and make recommendations to the Division of Public and Behavioral Health of the Department of Health and Human Services for program certification;
- Review, analyze, and suggest verbiage to proposed legislative language relating to domestic violence to the Office of the Attorney General;
- Review cases that involve the rural jurisdiction in which domestic violence fatalities occur and give recommendations to reduce the number of deaths from crimes that constitute domestic violence; and
- Evaluate changes and analyze solutions to improve the Victim Information Notification Everyday (VINE) program for which the Office of the Attorney General is the State's program manager.

The Committee

The Committee on Domestic Violence is a public body as defined in NRS 241.015 and is governed by Open Meeting Law (OML).
