City Clerk

First Name	Erick
Last Name	Maeng
Subject	Public records request (NRS 239): residential HVAC, water heater, solar and pool permits
Email Address	erick@ryndigital.us
Message	Hello, Under the Nevada Public Records Act (NRS Chapter 239), I request an electronic copy, in CSV or Excel format, of Building and Safety permit records from Cityworks PLL and any earlier permit system, for residential permits issued from January 1, 2000 (or the earliest available) through the date you process this request, of these kinds: mechanical or HVAC, plumbing for water heaters, electrical for solar (PV), pool and spa, and re-roof. Fields, where the system holds them: permit number, permit type and subtype, description or scope of work, application date, issue date, final or closed date, status, site address, assessor parcel number (APN), valuation, contractor business name, and Nevada State Contractors Board license number. I am not requesting owner names or any owner or applicant contact information. Please leave those fields out. An existing report or a standard export is fine. I do not need the data reorganized or summarized. If fees will be more than $50, please send me an estimate before starting. If any part is withheld, please cite the statute that allows it, as NRS 239.0107(1)(d) requires. I would also like to know whether the same export can be sent monthly going forward. Please send the records and any questions to erick@ryndigital.us.

Thank you,
Erick Maeng
